

Guidelines for Group Presentation Arrangements

1. **Group Formation:** Groups will be formed through free combination.
Each group must consist of no fewer than 10 members.
2. **Topic Selection:** On a daily basis, reflection questions related to the day's presentation content will be shared in the WeChat group. Groups may either select a topic from these questions or propose an original topic independently—provided it aligns with members' understanding of the core themes.
3. **Discussion Requirements:** For the chosen topic, each group is required to hold multiple collective discussions. Following in-depth deliberation, the group should synthesize their insights and produce a report.
4. **Report:** Each group is required to give a 15-minute presentation on the selected topic during the activity on the morning of July 18.
